

CONGRESS SEETHES OVER DRAFT BILL; HOT FIGHT WAGED

Senate And House Both Closely Divided On Measure

TWO REPORTS BY THE HOUSE COMMITTEE

Chairman Dent And 12 Others Oppose. 8 Take Contrary View.

(International News Service.)
Washington, April 21.—The senate today turned its attention to the administration's selective draft bill, designed to raise the armies necessary to win the war with Germany.

Senator McKellar, of Tennessee, will offer an amendment similar to the one rejected by the military committee, authorizing the president to call for 500,000 volunteers in lieu of the section providing for the raising of troops by selective draft from male citizens between the ages of 19 and 25 years.

AMERICA PLANS TO RUSH COMMISSION TO LINE UP RUSSIA

BEST KNOWN STATESMAN AND EXPERTS TO GO ON BIG MISSION.

(International News Service.)
Washington, April 21.—Chas. R. Crane, Chicago millionaire, will head the American commission to Russia. This was practically assured today when the department of state announced that it had urged Mr. Crane to accept the chairmanship of the commission. Crane is at present in Russia.

(International News Service.)
Washington, April 21.—Plans for the contemplated mission to Russia of an American delegation of its best known statesmen, economists and war experts are nearing completion. It is expected that an announcement on the subject will be shortly forthcoming.

The presence here of Elihu Root, former secretary of state and senator, gave rise to the report that he had been selected to head the commission. It was explained, however, that Mr. Root was present in attendance at a meeting of the Carnegie Peace Foundation, of which he is president, and that the personnel of the commission still is unsettled.

The president, it is known, has Mr. Root's name with others under consideration.

Relief Ship Sunk; One Life Is Lost

(International News Service.)
The Hague, April 21.—The relief ship Kongalia has been sunk either by a mine or torpedo with the loss of one life, says a dispatch from Yumiden today.

MANAGER CAGLE ANSWERS MAYOR ON CENSORSHIP

Mayor Payne, in Thursday's issue of the Daily, stated that we had not applied for a permit to show moving pictures in Albany. I most assuredly did that when I took out and paid my city license. The mayor, evidently, has not read the censorship ordinance recently passed, or he would know that we were not to ask for another permit until after he had seen the picture to be shown. Then he would take a day or so to think it over, and if it met his approval the public could have an opportunity to see it. As "The Birth of a Nation," the most wonderful picture ever produced, did not meet with His Honor's approval, what can you expect from such censorship?

It is not to save the morals of the city that the mayor is taking this stand. It is simply to carry his

HOUSE COMMITTEE MAKES TWO REPORTS ON DRAFT.

(International News Service.)
Washington, April 21.—Denouncing the volunteer system as "neither equitable or democratic," eight members of the house committee on military affairs, four of whom served in the Spanish-American war, today filed a minority report calling for the passage without amendment of the army general staff selective draft military bill.

At the same time Chairman Dent of the committee signed the majority report signed by 13 members which called for the adoption of the amended bill provided by the committee, which provides for the volunteer system, but would permit the president to adopt conscription after the volunteer plan had proved a failure.

It was stated today that under no circumstances will the administration accept the majority's measure.

BRITISH WIN BIG NAVAL VICTORY 3 SHIPS SUNK

(International News Service.)
London, April 21.—At least two German torpedo boats have been sunk in a naval engagement off Dover. Possibly a third German warship was lost. News of the British victory was given out by the admiralty this afternoon. There were five German torpedo boats in the squadron that attempted to raid the British coast. The British did not suffer any losses. The German mosquito fleet is believed to have come from Zeebrugge, Belgium. In addition to the two torpedo boats known to have been destroyed it was stated that another was so badly damaged that it probably went down.

NOTICE!
Both sides of the Albany picture show controversy having been fully presented to the public, all communications on this subject appearing in the Daily in future will be charged for.

NEW CENSORSHIP ORDINANCE BEING CONSIDERED NOW BY CITY COUNCIL

SECOND MEASURE BEFORE ALBANY ALDERMEN PROVIDES FOR APPOINTMENT OF BOARD OF CENSORS TO SERVE 2 YEARS.

MEN AND WOMEN ON BOARD

CENSORS MAY REQUIRE PRIVATE EXHIBITION OF PICTURES BEFORE PERMIT TO SHOW IS ISSUED TO ANY THEATRE.

A new moving picture censorship ordinance providing for the appointment of a local censorship board of men and women, number yet to be determined, was introduced last night by Alderman McCulloch at a special meeting of the Albany city council. The ordinance was referred at once to the police committee and the council adjourned without debating the matter or considering any further business.

The ordinance, if passed, will repeal the previous censorship ordinance but embodies the idea and creates a censorship board.

According to the terms of the ordinance this board will be composed of men and women of Albany who are more than 21 years of age, appointments to be made by the president of the council. The appointees will serve until the first Monday in October, 1918, and for two year terms thereafter. No provision is made for their compensation.

The censorship board will be required, under the usual municipal oath of office, to censor all films shown in Albany moving picture theatres to ascertain if they are "immoral or obscene or should not be exhibited to children."

The moving picture theatre managers are required to make application before any exhibition for a permit from the board of censors. Before permitting the exhibition of the pictures the board is required to ascertain the nature of the picture, etc., and the managers may be required to furnish written or oral proof that the picture conforms to the city standards. At its discretion the board may require an exhibition of the picture and if the picture should be banned, in the judgment of the censors, it shall not be permitted to exhibit here or children may be barred from such exhibitions.

Penalty for violation of the ordinance by theatres is a fine of not more than \$100.

The ordinance will be considered at the next meeting on the night of May 1, unless a special meeting is called prior to that time.

Service For Soldiers At Flint Tomorrow

Special services for the men of the Alabama National Guard now stationed near Flint will be held under the auspices of the local Y. M. C. A. Sunday afternoon at 3 o'clock, at the Methodist church at Flint. Rev. J. C. Persinger will preach and Miss Ione Clark will sing, besides other special features.

Citizens of Albany and Decatur are requested to come to the service in their cars and loan the cars for bringing the soldiers from the camp to Flint, a distance of about a mile.

Daily Carrier Boys Are Guests Of Circus

The Daily carrier boys—11 of them—will be the guests tonight of the John Robinson circus, thanks to the courtesy of W. Mitchell, the clever press representative of the big show. The boys will be there in full force—count 'em. And the war gloom won't prevent their enjoying the show.

FATHER'S SLAYER MEETS DEATH AT PHYSICIAN'S HANDS

ROBERT JOHNSON, ACQUITTED OF MURDER YESTERDAY, KILLED AT GUNTSVILLE BY DR. J. C. HARRIS.

Guntersville, Ala., April 21. (Special.)—Dr. J. C. Harris, a prominent physician of New Hope, this morning shot and instantly killed Robert Johnson, who was acquitted yesterday of murdering Capt. Sol Capehart, father-in-law of Dr. Harris.

Mr. Capehart was killed at Columbus City March 28, 1916. The shooting here took place in the heart of the business district and created a great deal of excitement.

THOUSANDS HERE TO SEE THE CIRCUS; BIG STREET PARADE

John Robinson's famous collection of clowns, denizens of the jungle, daring performers and the thousand and one things that combine with the tinsel and the blare to make the sawdust-ringed performance the delight of every American citizen, arrived at 6 o'clock on a special train, and just exactly 20 minutes later the first show wagon was wheeling its way up Second avenue to the show grounds.

The big top was stretched on the lot back of the car barns, which soon was the Mecca of the throngs. Two performances will be given—one at 2 o'clock this afternoon and the other at 8 o'clock tonight. The gates will open tonight at 7 o'clock.

At 10:30 o'clock the monster parade moved. To the martial strains of the steam callopes, there passed in review before the thousands who lined the streets, one of the greatest spectacular pageants of the year. The circus, although 97 years on the road, is comparatively new. Everything is spic and span. The parade, in fact, was distinguished by an air of smartness and newness that made it entirely different from the tawdry affairs that some times masquerade under the name. Even in the early morning hours, when the circus was unloading, the trim appearance of the show caused favorable comment.

The parade was beyond question the finest ever given here, extending over a mile and a half in length. Among the animals in the spectacle was one of the largest herds of elephants ever seen here with a circus. Camels, zebras, and sacred cattle. Fully 500 horses, ranging from Shetland ponies to magnificent draft horses, were in line.

The circus program specifies the services of over 350 performers, who work on aerial riggings, on the elevated stage, on the hippodrome track in four circus rings. The menagerie is one of the largest and best equipped with any traveling organization and includes a large percentage of the beasts, birds and reptiles of natural history. The comedy is looked after by 51 fun makers, headed by John Lowlon, Jr.

Acts Are Varied.
The large and varied list of acts naturally demands an arena of vast dimensions, and to fittingly fill so extensive an area, those features only that are being in action and necessitating large numbers and groups of participants are employed. Summing up in its entirety the John Robinson circus, with its multitudinous attractions, presents a veritable triumph in tented entertainment.

The Original Robinson Shows.
The John Robinson Ten Big Shows is the Original Robinson show. It carries 4 bands, 3 calliopes, 20 elephants, camels, a multitude of horses and people. One of the chief attractions of the menagerie is "Congo" the hippopotamus, which was purchased from the New York Zoo. This cage was not opened in the parade. The trappings for the horses all match the color of the wagons, and in every detail the show is as complete as it can be made. The tents, trappings and costumes are all new, and the tent has a seating capacity of 10,000.

GREAT BATTLE ON WESTERN FRONT RAPIDLY REACHING A DECISIVE STAGE

NEW ENGAGEMENTS REPORTED AND SUCCESSES CLAIMED BY THE BRITISH AND FRENCH.

ALLIED ADVANCE IS CHECKED

AMSTERDAM ADVICES HOWEVER CARRY GERMAN ADMISSIONS OF "ISOLATED" DEFEATS.

(International News Service.)
London, April 21.—Striking simultaneously with the latest thrusts of the French, the British have captured the village of Gonnelle, east of Arras, as well as a number of prisoners, the war office announced.

(International News Service.)
Paris, April 21.—Terrific fighting in which the French made fresh gains raged all night north of the Aisne river, the war office announced.

(International News Service.)
Paris, April 21.—With the Germans making a determined stand on the Siegfried line, the great double battle on the Arras-Aisne-Champagne front is drawing into its critical phase.

New engagements have developed south of the Aisne and between Rheims and the Argonne forest.

The Siegfried line, as it is called by the Germans, is practically the same as the so-called Hindenburg line.

(International News Service.)
Amsterdam, April 21.—German military experts declare that the advance of the Anglo-French armies on the western front has been checked, according to Berlin advices today.

It was admitted, however, that there were isolated instances where the Germans were withdrawn to prevent useless loss of life.

ARGENTINA VERGES ON DECLARATION OF WAR ON GERMANY

TEUTONS FAIL TO SATISFY REPUBLIC BY EXPLANATION OF SEA RUTHLESSNESS.

(International News Service.)
Buenos Aires, April 21.—Complete satisfaction for the sinking of an Argentine sailing ship by a German submarine is the demand made by the Argentine government on Berlin, with the alternative that if a disavowal is not forthcoming a break in relations will result.

(International News Service.)
Buenos Aires, April 21.—Argentina is on the verge of hostilities with Germany, according to La Nacion, one of the leading newspapers of the republic. The newspaper declared today that the demand on Berlin for an explanation of the sinking of the steamship Monte Protogido has been unsatisfactorily met.

La Nacion further declared on reliable, but unofficial, information that Argentina is about to declare war on Germany.

The sinking of the steamer by a German submarine was reported in Buenos Aires April 13 and intense excitement prevailed. The Argentine government immediately demanded an explanation of Berlin. There also is a rumor here that the sailing ship Oriant has been destroyed by a German submarine in the Mediterranean, and the steamer Crumlan has also been sunk by a U-boat.

The entire Uruguayan army has been mobilized and a call has been issued for the assembling of the national guard.

SOLDIERS SHOOT FOOD RIOTERS IN GERMAN TOWNS

Earlier Reports Of Settlement Of Strike And Food Disturbances Discredited By Later News From Kaiser's Realm

HINDENBURG APPEALS FOR SETTLEMENT

Strike Breaks Out In Great Krupp Gun Works At Essen And Disturbances Everywhere Menace Future Of Empire.

(International News Service.)
London, April 21.—That the Austrian parliament has been summoned to meet to consider immediate peace was the information contained in dispatches to the Chronicle today.

This paper says that momentous political events are impending in the dual monarchy and that the plans of Germany for the subjection of Austria are in danger of being frustrated.

The dispatch attributes to Count Nostez, a member of the upper house of the Austrian parliament, the information that the sudden convocation of the Austrian parliament is the possibility of an early peace.

(International News Service.)
London, April 21.—Many persons were killed and wounded in Magdeburg, Germany, on Friday when German troops fired upon strike rioters who were trying to burn the town hall, says a dispatch from Holland today.

This dispatch, as well as others bearing upon the food and labor situation in Germany, indicate that the earlier reports of strike settlement were premature. The industrial situation, especially that part involving the munition factories, is said to be acute in many parts of the German empire.

Field Marshal Von Hindenburg, chief of staff of the Germany army, has addressed a personal plea to the strikers to return to work.

The German people are clamoring for food and peace and the Berlin government is straining every nerve to meet the situation. The keenest interest centers upon the situation in Essen, where a strike has broken out in the great Krupp gun and ammunition works.

(International News Service.)
Rome, April 21.—A revolution is reported to be imminent in Hungary. Outbreaks are said to have occurred at Budapest.

According to information received here today a state of siege has been proclaimed in a score of cities of Hungary.

HUNGARY HUNGRY ALSO, REPORTED TO BE RIOTING
(International News Service.)
London, April 21.—Reports of a revolution in Hungary reached here from Rome today simultaneously with dispatches saying it was believed the Germans and Austro-Hungarians have given up the idea of a big offensive against Italy this spring.

Despite the tight censorship in the dual monarchy, reports from Swiss sources during the past week have shown that an acute situation existed in Austro-Hungary.

Movie Censorship Is O. K.'d Brotherhood

The following resolutions were adopted yesterday by the Men's Brotherhood of Willoughby Presbyterian church:

"Believing that the censorship of motion pictures is a moral step for better things for the youth of our city, and in view of the fact that questionable pictures have been shown without any regard as to the injury they are doing; therefore, be it

"Resolved, That the Men's Brotherhood of the Willoughby Presbyterian church hereby endorse the mayor and the city council's action in the close censorship of such pictures, and in the endeavor to secure a more wholesome amusement in the line of motion pictures. It is a fact that larger cities have some control over the pictures that are shown, and why not have the same protection for the city of Albany? We pledge our hearty support in this enterprise.

HOME GUARDS OFF TO A GOOD START

TWENTY-THREE MEN ACCEPTED ON THE FIRST NIGHT.

The Albany Home Guards got away to a good start. At the initial meeting last night 23 men applied for enlistment, were accepted and sworn in. Recruiting will be rushed in order that the full complement of 48 men and 6 officers may be reached in the next few days.

MANAGER CAGLE ANSWERS MAYOR

(Continued from Page One.)

I was present to give any information they might desire.
The meeting was an expense to the city for nothing. In the meantime I have an expense of \$80 per day going on, with no income to meet it. My employees are without work, not as the wishes of the public, but of half a dozen men.

We have never shown a film in this city, issued under a pink slip, without advertising it, and refusing to admit children. Any censorship ordinance will force anyone exhibiting films in Albany to advance his price of admission or put on an older and more inferior service. The expense of this censorship must be met some way. We are the only town in this territory giving its patrons the service we do for ten cents. The picture we run today was shown in Huntsville yesterday for fifteen cents. Chattanooga and Nashville charge 15 cents; Birmingham 10 and 20 cents, and Memphis 15 and 20 cents. These are the very same pictures for which we get only 10 cents, and the very same age service. For instance, the Triangle films are shown in Memphis, after being shown here, for 15 and 20 cents. The citizens of Albany are not able to pay this price. The exhibitors cannot close their houses at the will of a censor and pay his running expenses without this, or going back to the old one and two-reel program—an injustice to the public and the exhibitor, any way you go at it.

The trouble is the council is not familiar with the pictures exhibiting here. Not a one of them attends picture shows enough to know anything about them. Meanwhile the people who do enjoy them and the exhibitors must suffer for their ignorance on the subject.

The amendment taken up by the council last night was more drastic than the first ordinance, as it gave any man or woman the privilege of serving as censors. Just so they were 21 years old—no restrictions to intelligence or color.

PARENTS' DAY.

Parents' Day was celebrated at the Albany schools Friday afternoon. The corridors of the buildings were thronged from 2 until 4 o'clock with parents and friends. In all the class rooms were exhibits of the work done by the pupils during the year. The display made by Miss Milligan, the domestic science teacher, was the cause of much pleasant comment. The arrangement of the room, its daintiness and general "homey" air made it "the" attraction to the girls. Beside cakes, pies, salads, canned vegetables and such exhibits, there was a well arranged breakfast and luncheon table in minute detail. The unfortunate part is that the needle craft department has to be conducted in the kitchen, so cramped for space are they.

V. P. M. S. MET FRIDAY WITH MRS. BRENTZ PREUIT.
The subject for the afternoon was "Health."
The Bible lesson, "Our Lord and Disease," was conducted by Miss Julia Morris.

A paper, "Social Legislation Regarding Public Health," by Mrs. Zeno Bailey.

Round table, "The South's Campaign Against Disease," Miss Helen Higdon.

A social hour was enjoyed and a dainty ice course served.

MUSIC STUDY CLUB.

Mrs. E. W. Godbey, president.
Mrs. L. A. Neill, secretary.
Miss Clarkson, hostess, April 25.
On next Wednesday afternoon Miss Elise Phinizy, assisted by Miss Clarkson, will appear in recital before the Music Study.

AUCTION BRIDGE.

Mrs. H. N. Binford was hostess on Friday afternoon to Auction Bridge club. Mrs. W. E. Crawford made top score. After the presentation of the prize, ices were served.

Miss Mary Clair Carter, who has visited at Tyler, Texas, all winter, will return Monday. She will be accompanied by Mrs. W. G. Yates.

Mrs. J. W. Donnell and Mrs. M. C. Bullard were among those who heard the Dr. Anna Shaw address.

Miss Jennie Gray has returned to Louisville, Ky., after visiting Mr. and Mrs. Ben Fenley.

Misses Ivie Mai and Lavinia Cain, of Madison, are the guests of Mr. and Mrs. R. H. Wolcott.

Mrs. E. A. Orendorf, of Cullman, is the guest of Mr. and Mrs. E. E. Graves.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught.

Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. Acres of Diamonds In Our Cities

Many are the stories told of men leaving their home towns to seek fame and fortune, when in reality there were more opportunities round their native heath.

Figuratively speaking "There are acres of diamonds in Albany-Decatur," of course, they may be temporarily covered with dirt of indifference, but, once mined they will prove opportunities far better than offered by foreign fields of enterprise and endeavor.

One of the best opportunities offered the citizens of this city is Home Building. Build a home, become an appreciative citizen.

Houses Are Not Complete Without Electric Lights

Homes in Decatur and Albany may be wired at a small cost and owners will be given twelve months time to pay for the wiring, if they desire it. Call at our office for information.

Conventional Yet Individual

The chief characteristic of this bungalow is its massive appearance, appealing to those who desire conventionality together with individuality. The exterior presents a very pleasing appearance.

The exposed chimney, front porch balustrades and pedestals are built from rough stone, the supporting porch roof columns are large with a beamed effect which lends an air of solidity of the whole house.

The "massive" effect is carried out in the interior arrangement. The ceilings in both living room and dining room are heavily beamed. The mantel in living room from floor to ceiling, the buffet in dining room extends across its width, French sliding doors separates living room from a den, which is equipped with a disappearing bed.

The kitchen is provided with the "Ye Planry" built-in labor saving devices. The breakfast room is light and cheery. A hall connects the bed rooms with the bath. Large closets throughout. Especial attention is paid to light and ventilation.

This design is very popular for it all answers requisites for comfort, convenience and low cost of upkeep.

When Procrastination Is a Pickpocket

In the face of advancing prices on all materials, the home owner who waits until the fall to invest in a heating system will find that procrastination has proven a pickpocket, and will realize that a purchase made even though slightly out of season will yield a big saving on the cost of an outfit. A hint to the wise is sufficient. If you have any thought of a 1917 model of a steam or hot water heating system, it will pay you to get busy. A phone call or card will bring you an estimate.

Do We Appreciate Our Home Towns

"A prophet is not without honor save in his own country," is one of the truisms of the good book which has lived throughout centuries and is exemplified today the same as 1900 years ago.

Few of us really appreciate our home towns and cities. Few of us appreciate the men and women who labor unselfishly to upbuild their communities. We criticize those of altruistic tendencies, always hinting and insinuating that their time and money is given for personal aggrandizement; when in reality most of our public spirited citizens lose money by devoting their time, talent and energy for the betterment of our community.

Then there is a class who are always wanting to live in another city, claiming that our city is slow, non-progressive, our officials grafters, etc. As a rule this class of complainers are not home owners, receiving the many benefits from our city without contributing to its support.

We are not blind to our cities' faults, neither do we uphold them, instead we are striving by words and suggestions to correct our faults, we need the active co-operation of all citizens. Home builders are really prophets, testifying by works, that they have faith in our city; they appreciate their home towns; they know by helping in all civic movements it will help their property and their neighbors. Home owners are the ones from which we always gain the support for new enterprises, new churches, good roads, etc.

It is a great thing to really appreciate our cities; its possibilities and its future development, that appreciation can best be realized by becoming a home owner, by building a modern home; one which will be attractive, one which will be the standard for your neighborhood. To gain more home builders, more appreciative citizens, more prophets who will be honored not with cold columns of marble, but by the words of praise and commendation of our entire citizenship is the mission of this paper in presenting each week the suggestions for modern homes.

How Beloit Received Its Name.

The significance of the name of a city is commonly not difficult to discover. Beloit, Wis., than which no city has a pleasanter name, affords the rare example of a city name manufactured to order, and having no linguistic or other significance. According to the recollections of one of the founders of the town, which have recently been presented to the Wisconsin Historical society, the first settler in 1836 named the place "New Albany." A few months later a meeting of the settlers was held to select a better name for the future city. Several having been proposed and rejected, it was finally agreed "to place the alphabet in a hat and see if we could not get a combination of letters that would give us a name that would be a new one." While engaged in this, one of the settlers trying to sound a French word meaning "handsome ground" uttered the sound, "bellotte." Another settler immediately modified this to "Beloit," which was considered "like Detroit in sound and pretty and original." So the newly coined name was adopted and by it "New Albany" has ever since been known.—Wisconsin History.

HAVEN OF MAIMED

Palace of Bourbon Kings of Naples Is Put to Use.

These Mutilated Soldiers of Italy Are Housed and Taught Some Means of Self-Support.

The war has turned the palace of the Bourbon kings of Naples into a home for mutilated soldiers. Around the exquisite marble table where the guests of the "Roi Soleil" of Naples dined in the garden on hot summer nights—the ladies in powdered head dress and panier skirts, the men with lace at their sleeves and embroidered coats—today are gathered the pitiable fragments of humanity that war has left in its wake. There are neither candles nor massive silver, neither sweetmeats nor rare wines. The Italian government allows 70 cents per day for their lodging and maintenance, and food is high in Naples.

The marble table on warm days in the gardens is the recreation center of the mutilated, in their worn and faded uniforms. Before each is an oblong cardboard placard, some of whose spaces are numbered. One of the men (he must be one of those who have lost a leg, for the one-armed cannot do the trick) shakes a basket-bottle and turns out a numbered counter. In the sing-song Neapolitan dialect, he cries the number. The one whose placard bears it, covers the space with a bit of glass. Whoever covers all his spaces first wins a cent from each of the others.

Those who have no hands at all have grown wondrously skillful at flipping their bits of glass onto the placard by means of a bent pin stuck in the empty sleeve.

This is recreation. There are also hours of work. Once sumptuous chambers of the royal palace have been turned into schoolrooms. In the month that the hospital has been running. In one, those who wish are taught tailoring, in another shoemaking—the legless naturally, for one must have two hands to make shoes and clothes. Those who have lost an arm are taught telegraphy or typewriting. But many of the latter must begin farther back than that, and learn to read and write first. For reading and writing in southern Italy are not common accomplishments, so there is a schoolroom—a primary schoolroom, where the alphabet and multiplication table figures on the blackboard in front of these grown children who have known only to give an arm or a leg to their country. And an arm or a leg to these simple peasants is livelihood—their own and their families.

Which is why some do not study. They are suspicious. Mutilated, they are entitled to a government pension, and they are afraid that when they have learned a new trade by which they can live, the government will say: "You no longer need help—make your own living." So they sit all day in the sunlit, royal garden, with its faience flowerpots marked with fleur de lys, and watch the changing lights on the bay of Naples, and think of what life used to hold for them before the war came to change it utterly.

NOTICE OF SPECIAL ELECTION

STATE OF ALABAMA,
MORGAN COUNTY.

Whereas, a petition prepared and signed as required by law, was presented to the Commissioners' Court of Morgan county at the April term thereof, requesting said court to order an election to determine whether or not a special tax shall be levied for public school purposes within said county, said tax to be 30 cents on each one hundred dollars' worth of taxable property in such county, and the same to be continued for a term of twenty-five years, and to be in addition to any and all taxes now authorized and being collected for school purposes.

And whereas the court being satisfied that said petition contained the names of more than two hundred qualified electors of Morgan county, and being in all respects regular and complying with the provisions of an Act of the Legislature of Alabama, approved Sept. 10, 1915, authorizing the calling of such elections, it was ordered by the Court of County Commissioners that such election be called.

Therefore notice is hereby given that on Tuesday, the 22nd day of May, 1917, there will be held at the several polling places in Morgan county, an election to determine whether or not a special tax of 30 cents on each one hundred dollars' worth of taxable property in such county shall be levied and collected for 25 years, beginning Oct. 1, 1917, such tax to be used exclusively for public school purposes and to be in addition to any and all taxes now being levied and collected for that purpose; such election to be held in all respects in compliance with the general law governing the holding of elections in Alabama.

Probate Judge.
